Sri Venkateswara College of pharmacy was established in 2004 by Vikas Educational Society, Etcherla, Srikakulam district. The objective of the college is to impart quality education to the students of rural areas. The college have the student community in their academic endeavour and extra-curricular activities. The Placement cell is active, opening the frontier of job opportunities. This college is committed to pursue excellence in all its disciplines and providing training to develop professional responsibility, Social sensitivity and cultural awareness. It also directs students through the path of truth and integrity. Our college is surrounded by the beauty of nature. The college offers B.Pharmacy, M.Pharmacy (Pharmaceutical Analysis & Quality Assurance, Pharmaceutical Technology, Pharmacology) and Doctor of Pharmacy courses.

COURSES OFFERED :

D.Pharm- 2years
B.Pharm-4 years
Pharm.D-6years
M.Pharm-2years

OBJECTIVES OF THE PROGRAMME

Animal handling describes how people respond to and interact with animals within the animal's environment. Proper handling techniques can reduce animal pain and distress and improve animal welfare. Animal handling methods require training, skill, and behavioural knowledge of the species you are working with. It is also essential to ensure that animals readily accept the human contact ad procedures are carried out efficiently.

TOPICS COVERED

Classification of Experimental Animals
Breeding
Detection of signs of disease in animals
handlings techniques
procedures

OBJECTIVES OF THE PROGRAMME

This seminar mainly focuses on drug discovery process. The goal of a new drug discovery program is to deliver one or more clinical candidate molecules, each of which has sufficient evidence of biologic activity at a target relevant to a disease as well as sufficient safety .So that it can be entered into human testing. It also identifies chemical entities that have the potential to become therapeutic agents.

ABOUT COLLEGE

Sri Venkateswara College of pharmacy was established in 2004 by Vikas Educational Society, Etcherla, Srikakulam district. The objective of the college is to impart quality education to the students of rural areas. The college have the student community in their academic endeavour and extra-curricular activities. The Placement cell is active, opening the frontier of job opportunities. This college is committed to pursue excellence in all its disciplines and providing training to develop professional responsibility, Social sensitivity and cultural awareness. It also directs students through the path of truth and integrity. Our college is surrounded by the beauty of nature. The college offers B.Pharmacy, M.Pharmacy (Pharmaceutical Analysis & Quality Assurance, Pharmaceutical Technology, Pharmacology) and Doctor of Pharmacy courses.

COURSES OFFERED :

D.Pharm- 2years
B.Pharm-4 years
Pharm.D-6years
M.Pharm-2years

OBJECTIVES OF THE PROGRAMME

Green synthesis of Nano particles aims at minimizes generated waste and implementing sustainable processes. In recent years, green processes using mild reaction conditions and nontoxic precursors have been emphasized in the development nanotechnology for promoting environmental sustainability. The ultimate aim is to entirely cut down the stream of chemicals pouring into the environment.

TOPICS COVERED

Nanoparticles
Methods for synthesis of Nanoparticles
Mechanism of wound healing by green synthesized nanoparticles
Preparation of green synthesized nanoparticles
Applications of green synthesized nanoparticles

OUTCOME OF THE PROGRAMME:

Students learned about importance of nanoparticles in modern medicine and efficacy of green drugs in our society.

They gained knowledge on:

- Different methods involved in synthesis of green drugs
- Efficacy of nanoparticles and their role in pharmaceutical research.
