ABOUT COLLEGE

Sri Venkateswara College of pharmacy was established in 2004 by Vikas Educational Society, Etcherla, Srikakulam district. The objective of the college is to impart quality education to the students of rural areas. The college have the student community in their academic endeavour and extra-curricular activities. The Placement cell is active, opening the frontier of job opportunities. This college is committed to pursue excellence in all its disciplines and providing training to develop professional responsibility, Social sensitivity and cultural awareness. It also directs students through the path of truth and integrity. Our college is surrounded by the beauty of nature. The college offers B.Pharmacy, M.Pharmacy (Pharmaceutical Analysis & Quality Assurance, Pharmaceutical Technology, Pharmacology) and Doctor of Pharmacy courses.

COURSES OFFERED :

D.Pharm- 2years
B.Pharm-4 years
Pharm.D-6years
M.Pharm-2years

OBJECTIVES OF THE PROGRAMME

The main objective of this seminar is to know the applications and importance of prodrug. The prodrug approach is used to overcome biopharmaceutic, pharmacokinetic, or pharmacodynamic obstacles, including poor chemical stability, solubility limitations, toxicity etc.,

TOPICS COVERED

Prodrug
Types of prodrugs
Uses of prodrug
Applications of prodrug

Nerve growth factors plays crucial roles in various biological activities by modulating cell proliferation, migration, differentiation, function and plasticity of cells from the anterior to the posterior segment of eye. The are mainly involved in regulation of growth and it influences neural growth, differentiation and death in CNS and PNS.

TOPICS COVERED:

- Introduction
- Role of nerve growth factors
- Stimulation of nerve growth factors
- NGF genes
- Receptors involved
- Advantages
- Disadvantages
